Creek-Seminole College and Industrial Institute.

To the Cimeter.

Boley, Okla., Dec. 6, 1907.—The Thanksgiving celebration at the Creek Seminole College was a glorious success. There were crowds of visitors from all parts of the new state. The financial efforts of the college far surpassed the most sanguine expectations of President Leftwich. Something over three hundred dollars was realized. There was great rejoicing among the teachers and students, and the manifestation lasted on Friday night following the great concerts, until midnight. The band played and great shouts rent the campus.

On Monday night while we were still rejoicing with speeches, the teachers home caught fire by accident, and everything therein was burned, hence the hearts of the people were turned from joy to sadness.

The president lost all in the fire, but he is not discouraged nor dismayed, and has begun work with renewed energy to replace even more than was destroyed by fire.

Our college is crowded with Indian and Colored students from all parts of the new state. Each week brings new students. Miss Katie Palmer, our new matron, is proving herself worthy of the position she now fills. Judge Baker of Wewoka addressed the college and citizens last Monday night. Judge Baker is working to have our college made a state institution. Superintendent Edwell of Muskogee came last Tuesday night and gave the students and teachers an interesting lecture.

The Negro who carried the prevarication to the white Republican that a Negro was going to murder him is of the sort that should be in the regions of Pluto. He is known and will be reckoned with some day.

The railroads MUST give us EQUAL AND LIKE ACCOMMODATIONS. It is understood that some of them are going to try the old down South methods. Let us assure them that these methods won't work but will bring a multiplicity of lawsuits.
